THE SUMTER TOTAL ABSTINENCE SO. CIETY will meet at the Methodist Church on Tuesday, 19th inst., at 8 o'clock p. m. Interesting Lectures will be delivered.

Mr. A. A. Solomons, recently returned from a business visit North, kindly furnished us the latest New York, Washington, Baltimore, Richmond and other papers.

We saw a colored man coming into town, on Tuesday morning last, with four bales of cotton for sale, which he said was his own property-a part of his last year's crop.

TOBACCO SEED.

We are indebted to Mr. W. F. DEKNIGHT, Internal Revenue Assessor, for some papers of pure Havana Tobacco Seed, imported from Cuba, and distributed by the Department of Agriculture, at Washington.

SUMTER POST OFFICE.

Capt. T. B. JOHNSTON has assumed the duties of Post Master at Sumter. and, we are pleased to learn, contemplates some decided improvements in the pressent building, looking to the comfort and convenience of the community.

THE SUMTER BOOK STORE continues to make additions to its stock as necessities require. We notice that writing paper and envelopes are sold there at astonishingly low prices. Law Blanks, under the New Code, are also sold at Charleston prices.

FIREMEN. The Quarterly Parade will take place

at 3 instead of 4 o'clock, as previously We learn that this occasion will

invested with more than the usual interest. The Company will make a presentation to Capt. E. C. GREEN, the popular ex-President, &c., the ceremonies to take place in front of the Court House. The ladies and citizens generally will, doubtless, be present, in large F. A. Folson, Secretary.

A GIGANTIC INSTITUTION.

From the Annual Exhibit of the "Liverpool and London and Globe Insurance Company," handed to us by Mr. CHAS. H. GAL PIONER for 1870, a monthly of the pages of choice Must. GENTS :- I make the following statement from a perfect conviction and know-

s debarred by elreumstances from unrestricted access to this invisible, but powerful stimulant, needs a medicinal invigorant of some kind. The great object should be to choose the best. Popularity is a pretty good guarantee of merit in this scrutinizing and intelligent age, and tried by this criterion Hostetter's Stomach Bitters stands first among the invigorating and regulating medicine. criterion Hostetter's Stomach Bitters stands first among the invigorating and regulating medicines of the present day. To the wants of persons engaged in indoor employments, especially in crowded factories where even with the best possible ventilation the atmosphere is always in some degree polluted, this salubrious vegetable tonic is peculiarly adapted. The nature of the ingredients is no mystery. It consists of an absolutely pure diffusive stimulant, tinctured—or rather surcharged—with the fluid extracts of sanatous roots and banks and herbs. The pharmacopecia has its tinctures, but what are they? The juice of only a single root or bank or plant is present in each. Not one of them combines the three properties of a tonic, an alterative, and an aperient. All these elements are blended in the Bitters; nor are these the sum of its medicinal recommedations. It is also a blood depurent and an antispasmodic.

recommedations. It is also a blood depurent and an antispasmodic.

The baleful effect which air that has been par-tially exhausted of its oxygen by frequent breath-ing produces on the vital organization, is noto-rious, and when to this devitalized atmosphere is rious, and when to this devitalized atmosphere is superadded the mephitic vapor of hot air furnaces, it becomes deleterious and depressing in the extreme. To enable the system to bear up, even for a few hours each day against the debilitating influence of a vitiated atmosphere, a wholesome tonic and alterative is urgently required. This grand disideratum is supplied in Hostotter's Bitters, which as a strength sustaining, health protecting agent has no rival either among officinal or advertised medicines.

SURKY SIDE, Anne Arundel co., Md., March 19th, 1870.

Mesere. Wm. Orichton & Som—Gentlemen: I used the Persicator on my Peach Trees last spring with much satisfaction. Many of my trees are six years old, were diseased from the worm,—the leaves were yellow and sickly. I applied a small shovelful of the Persicator around the base of each tree. In a few weeks they produced a rich green foliage, and bore a fine crop. I am satisfied that this manure completely destroyed the worm, invigorated the trees and the growth of the crop.

On this lot I never had been able to secure a "etand" by reason of the "cur worm," although I tried salt in various ways.

On the rows to which I applied the "PERSI-CATOR," the corn came up "to a hill" promptly and grew off finely. On the remaining rows, not more than one-third of the plants escaped the worm, and those that did, were puny in appearance.
